13-09-16	HOLIDAY			
14-09-16			Introduction to research methodology	
15-09-16			Brainstorming	
16-09-16			Brainstorming	
17-09-16			Information retrieval	
18-09-16	SUNDAY			
19-09-16		Noise & Radiation- Dr. Sanjeet Panesar	Developing research question	Culex, aedes, differentiation, identification of specimens
20-09-16			Research objectives	
21-09-16			Tool development	
22-09-16			Research methodology	
23-09-16			Pre-testing	

24-09-16			Data collection	
25-09-16	SUNDAY			
26-09-16		Basics of Biostastics- Dr Shivam Dixit	Data collection	Housefly, diseases, control
27-09-16			Data collection	
28-09-16			Data collection	
29-09-16			Data collection	
30-09-16			Data collection	
01-10-16	History of medicine Dr. Pooja Goyal		Data collection	
02-10-16	SUNDAY			
03-10-16		Presentation of data- Mr. Shivam Dixit	Coding	Sand fly, tse-tse fly, hard & soft tick
04-10-16			Masterchart designing	
05-10-16			Data entry	
06-10-16			Dummy tables	
07-10-16			Data cleaning	
08-10-16	Concept of health, Concept of well being and spectrum of health Dr. Sanjeet			
09-10-16				
10-10-16		Measures of central tendency I- Mr. Shivam Dixit		Louse & rat flea, Cyclops & itch mite, lice, bug
11-10-16				
12-10-16				
13-10-16				
14-10-16				
15-10-16	Determinants of health, Responsibility of health Dr. Sanjeet			

16-10-16				
17-10-16		Measures of central tendency II- Mr. Shivam Dixit		Insecticide, organophosphate poisoning
18-10-16				
19-10-16				
20-10-16				
21-10-16				
22-10-16	Indicators of health, health service philosophies incl levels of health care Dr. Sanjeet			
23-10-16				
24-10-16		ANC, INC, PNC- Dr. Pooja Goyal	Introduction to research methodology	Rodents of public health importance
25-10-16			Brainstorming	
26-10-16			Brainstorming	
27-10-16			Information retrieval	
28-10-16			Developing research question	
29-10-16	Concept of disease, causation and natural history of disease Dr. Sanjeet		Research objectives	
30-10-16	SUNDAY			
31-10-16	HOLIDAY
